

Brief CV

Name	Ahmad Zahirani Ahmad Azhar	中文名		
Gender	Male	Title (Pro./Dr.)	Dr.	
Position (President...)	Senior Lecturer	Country	Malaysia	
University/ Department	International Islamic University Malaysia			
Personal Website	http://www.iium.edu.my/staff/show/6954			
Research Area	Ceramics Materials			

Brief introduction of your research experience:

The author officially started his research in 2009, where as his research focused on the composition of cutting insert used in high speed machining. Since 2009, the author has consistently published Q1 paper every year until today. Most of the paper published are related to the composition optimization, microstructural control, toughness enhancement and properties investigation of ceramics materials. The author right now has a H-index of 10 (Google Scholar).

Current focus of the research is towards commercialization of ceramic cutting insert that was developed since 2009. Aside from the research on the cutting tools, the author also venturing into water treatment research, especially via evaporation method.
